

NOSTOPS®

REAL JOBS, REAL PEOPLE

“Identifying the Good apples, promoting the Best & Brightest”

India Verified Skills Registry is a NOSTOPS® initiative to have a reliable information infrastructure of employees working in the professional services domain in destinations across the globe. This creates a trusted and permanent fact sheet of information about each individual employee along with background check reports. This is a global security best practice for the industry and assures identity security and credibility to honest professionals which safeguards identity theft and document fraud.

About us:

- NOSTOPS brings knowledge professionals, i.e. you and the company you work for or aspire to work with, on the same platform. We separate the good apples from the bad.
- You can create your own profile on NOSTOPS®; subscriber companies can view your profile only if you Authorize them to view your profile.
- You or your present / prospective employer can order a background check of your registered profile.
- This creates your permanent profile with a membership ID based uniqueness that details your background Check report insides an authenticated member page detailing your membership photo identification card along with your verified resume giving you, an sincere honest and credible online identity immediately

Our Achievements:

- 1.2 million Professionals working in the IT industry have already completed our web registrations since August 2004. Have you ?
- Registered member profiles are of employees from leading IT companies representing 60% of industry strength in India and other global destinations and have joined our memberships since 2004
- NOSTOPS® has been mentioned in over 50+ publications with over 200 + articles and has been cited in various publications including the US Homeland Security and UK Border Agency
- NOSTOPS® aims to implement the standards of “Best Business Practice” in the global labor recruitment.

Your Registration is Complete!!

How do I Use the site ?

Ensure that you access your profile regularly and keep it updated whenever any change takes place on your profile. Every update is verified by us before it gets approved on your profile. Share documents individually or list them all via the file sharing id or membership ID.

You can authorize the companies of your choice to view your profile. Share your documents individually or list them all via the file sharing id or the membership ID

You can also initiate verification of your profile thereby ensuring third party confirmation of your details.

You (Knowledge Professional):

We manage and maintain this database of workers i.e YOU, who are either currently employed or aspiring for employment in the professional services industry and sought by employers globally. You register your personal, academic and employment information on our system and have your scanned documents verified by us. Your verified profile via your member page with us is used to ensure that you have a permanent and unique identity, which provides as an identity assurance to companies and identity security to you.

These are companies who partner with us and have faith in our system. These companies are interested in development of the system as a shared industry resource to facilitate efficient and secure HR practices. Companies get an assurance that their employee's (current or prospective) information is authentic and credible. Companies partner with us, because they find our system to drastically reduce their over heads in the recruitment of talent and a quick turn around in their talent requisition.

Real Jobs, Real Workers:

Authenticated and Verified Member Profiles are made available online and can be queried via a membership ID on our publicly available database of verified member profiles. Hiring managers find this value proposition unique as a hiring decision can be made on the spot. Hiring managers of partner companies post available jobs with them, which can be applied only by the verified individuals who are members of NOSTOPS®. Currently there are 8,973 verified member profiles with NOSTOPS®. More details available at <http://www.indiaverified.com>

Empanelled Background Checker (EBCs):

EBCs are entities that verify the authenticity of the information registered by you on our servers, thereby ensuring your profile is authenticated and hence credible. Faking of CVs or enhancing of qualifications / experience gets eliminated through this background verification process. You or your employer (current or prospective) can order a background check of your information. The EBC partner crosschecks the information submitted from the source of the information using a standard procedure of verification. The background verification process is transparent to you., and once verified, made available with our trust seal

Benefits of registering with Us: >>>>

- Creation of a permanent and unique member profile page on an industry-wide reference database, that is .Search Engine friendly and circulated across the web
- Enhanced credibility of registered and verified information.
- No hassles of repeat background check for each employment, thereby speeding up joining formalities.
- Transparent Background Verification Process.
- Deterrent for competing job applicants with inflated and faked profiles.
- Only you will have an access to your profile and can update it when changes take place.
- Companies can view your profile only with your authorization.
- You apply for job openings that are made available by partner companies using your membership ID as a login
